2003 Honorable Mention "Best New Business"**

Simple Subs, Sandwiches, Soups, and Salads

Jason Meinholz, Executive Chef and Soda Pops Proprietor along with his wife Maggie, welcome you to a step back in time with their nostalgic soda fountain, and a step forward in time with a new concept restaurant. Soda Pops offers simple subs, sandwiches, soups, and salads, with YOU the customer controlling what is placed on your sandwich or salad!

Once you have placed your order with your server, a short food preparation time will be needed.

When your food is ready, you will be called to the "Fresh Produce Filling Station" where YOU TOP IT! with over 70 different items to choose from.

This is one of the oldest operating soda fountains in the state of Wisconsin.

Dave Schlack originally built this historic Railroad Street business as a tavern in the late 1800's which he operated until prohibition in 1919. Schlack's Whiskey was then transformed into Schlack's Sodas and the original soda fountain was born. Dave's daughters took over the operation until 1970 and were followed by several consecutive owners under the name Colonial House. In December 2002, Executive Chef, Jason Meinholz took over ownership of "Soda Pops" with his unique vision.

Jason, whose hobby for years has been collecting antique soda machines, now owned the ideal building! Jason, along with his parents Ron & Cindy Meinholz, began the painstaking process of restoration by returning all soda fountain components to their original working state. Next, the decorative Victorian metal ceiling panels with eight coats of peeling paint were stripped and repainted to their original grandeur. Five layers of old flooring were removed to reveal the 1900's period maple hardwood floors and surprise hidden trap doors. Under the linoleum was found a 1920's Milwaukee Sentinel sports page and an old typed Schlack menu listing "T-Bone Steak and Baked Potato...50 cents and Coffee...10 cents." The tiniest restrooms with the original fixtures and terazzo floors have been retained. The gorgeous clear leaded glass now positioned between the center booths was believed to be from the early building, before the bar next door was built. The large floor grate in the center of the room, is a gravity feed furnace that was coal fired in its day. The black and white fountain counter and booth tables are original Vitrolite glass made by the Ford Glass Company. The brass buttons in the concrete by the "Filling Station" were from crosswalks in the 1930's streets to caution children "Safety First". Jason's desire to return this old building to its original look prompted his participation in the Wisconsin Main Street Program involving preservation of historical buildings. The front facade has been stripped of its 1960's-2000 appearance and its look returned to the bygone era of brick, awnings, and period signing. Please sit back and enjoy!

Jason Meinholz & Marzena Noch-Meinholz Proprietors

Salads

You Top It! at our "Fresh Produce Filling Station"

Each salad served with a small French roll

Atlanta Garden Salad... Named for where **Coke** got its start, 1886... hand torn mix of leaf and iceberg lettuce... 4.99

Notice: eating undercooked meat, poses a health risk to everyone, but especially to the elderly, young children under age 4, pregnant women and other highly susceptible individuals with compromised immune systems. Thorough cooking of such animal foods reduces the risk of illness.

We cook all meat products to the recommended internal temperatures unless requested otherwise by customer at own risk!

Soda Pop List

The unusual, the unique, those you remember from the past. Soda tastes best from a glass bottle!!

We serve all our nostalgic sodas in glass bottles with a straw, the old fashioned way.

Because each soda has a unique taste profile, we cannot be responsible for individual taste preferences.

We can not offer exchanges or refunds once bottle is opened.
