# Headwaters Headlines

## Director's Notes

### **The Headwaters Foundation 33<sup>rd</sup> Annual Golf Tournament**

The Headwaters Foundation 33rd Annual Charity Golf Tournament was held on Saturday, August 11th at the Rhinelander Country Club. There were 48 people who enjoyed a beautiful day of golf. Dinner included a total of 66 tournament participants and guests. Following dinner there was a basket raffle, the baskets contained items donated from many area businesses. These efforts would not have been possible without the help of our staff at Headwaters, as staff coordinated all areas of the event including soliciting and collecting basket items and soliciting event sponsors.

This year's tournament raised funds to support the expansion of new programs within Headwaters, Inc. and to provide scholarships for individuals to attend classes at Nicolet College. These scholarships and the development of these programs would not be possible without the support of the Headwaters Foundation and its donors.

**CHAMPIONSHIP FLIGHT WINNERS:** J. Bloch, J. Thompson, J. Spiegelhoff, and D. Labodda.

## "Headwaters Inc. is Hands On for Hospice"

This summer season Headwaters Inc has been given an opportunity to give back to the community in a very heartfelt way by helping construct quilts for hospice patients. We recently met with Judy Kingsbury, master quilter & quilt leader of Quilters for Hospice, where she gave us the opportunity to hand tie hospice quilts. Quilters for Hospice is a volunteer group of quilters that meets one Monday each month at Ascension at Home to donate their time & quilting skills. All the materials for the quilts are donated by various individuals and organizations. Each quilt has its own patterns, colors, and themes. The quilts are then chosen to be either hand tied or machine sewn to finish, and then they are matched up with each patient's interests, hobbies, and colors to give them warmth, strength, love, and support. Hospice is an end of life care for people of all ages & ailments. Everyone from Headwaters Inc that has been a part of this project is proud of their work, knows the importance of helping those who are on hospice care, and love being a part of a bigger project. We have enjoyed this volunteer project immensely, and this group is interested in other projects as well. For anyone looking to donate any sewing supplies, machines, fabric, or notions, please contact or drop off donations at Headwaters Inc.

## 2018-2019 LAWN MAINTENANCE PROGRAM

During the 2018-2019 season our Lawn Maintenance crews took care of 6 DOT Rest Area sites, 7 Wisconsin Valley Improvement Corporation sites, 2 DNR boat landings in Oneida County, the DMV building and sign shop grounds, Track Inc. and one other private contract. Our crew was excited for the new Yardmax All Season Power Brush that we purchased this summer because it saves them a lot of time raking. This power brush goes through 6 inches of grass, dirt, rock and sand makes the grounds look in tip top shape.

# Headwaters Parking Lot gets a Makeover

## Anniversaries

### July

Terri M. - 22 yrs.

### August

Jennifer F. - 5 yrs.

### September

Kristine S. - 12 yrs.

Cory D. - 16 yrs.

Morgan H. - 4 yrs.

## Birthdays

Krystal K: 7/2

Bonita C: 7/6

Minity J: 7/19

Cheryl K: 7/22

Matthew B: 7/24

Kathleen R: 8/2

John E: 8/3

Phyllis K: 8/6

David S: 8/15

Lance B: 8/16

Phillip W: 8/18

Charles M: 8/19

Sheila S: 8/23

Scott D: 8/25

Brian H: 8/26

Amber P: 9/2

Victoria F: 9/3

Janaan Y: 9/3

Rick P: 9/12

Amber J: 9/16

Steven B: 9/29

Chris R: 9/29

Courtesy of Dan Jolin, Headwaters parking lot was updated a bit with new yellow parking lines. He did a wonderful job! Thank You Dan!

# October is Down Syndrome Awareness Month

October is Down Syndrome Awareness Month, a chance to spread awareness. During the month of October, we celebrate people with Down syndrome and make people aware of our abilities and accomplishments. It's not about celebrating disabilities, it's about celebrating abilities.

Down syndrome is a genetic disorder caused when abnormal cell division results in extra genetic material from chromosome 21. Down syndrome causes a distinct facial appearance, intellectual disability, developmental delays, and may be associated with thyroid or heart disease. Early intervention programs with a team of therapists and special educators who can treat each child's specific situation are helpful in managing Down syndrome.

### Down Syndrome Facts:

- ~Down syndrome occurs when an individual has a full or partial extra copy of chromosome 21.
- ~Down syndrome occurs in people of all races and economic levels.
- ~There are three types of Down syndrome: trisomy 21 (accounts for 95% of cases), translocation and mosaicism.
- ~Down syndrome is the most commonly occurring chromosomal condition.
- ~People with Down syndrome have an increased risk for certain medical conditions.
- ~All people with Down syndrome experience cognitive delays, and the effect is usually mild to moderate.
- ~Positive support from family, friends and the community enable people with Down syndrome to lead fulfilling and productive lives.
- ~People with Down syndrome attend school, work, have meaningful relationships, vote, and contribute to society in many wonderful ways.
